- Tricia taught us effective communication skills that I will remember and use throughout my career.
- Tricia has an amazing way of connecting with everyone in the class. She is able to make all students feel at ease and comfortable.
- Her enthusiasm in the classroom was evident during every lecture.
- Our teacher was on top of her game. We had so much fun learning, it didn't seem like we were, but we did. Making education interesting and fun makes the learning experience so much better. I would recommend this class (Workplace Communications) to everyone!
